Who makes the best solar inverter?

Inverters are an essential part of every home solar installation. One of the oldest inverter manufacturers on the market today is an Austrian brand Fronius International. Let's take a look at the product that they make and their approach to quality and service. Fronius International is an Austrian manufacturer with quite a history behind its back.

What is a 1kW solar inverter?

Solar inverters convert DC solar power into usable household AC power. These inverters can handle a range of power sources from 1,000 watts to 1,999 watts. Compare these 1kW solar inverters from Fronius, SMA, Schneider Electric, Xantrex, PV Powered, Power One, Advanced Energy, Kaco, Outback Power, Magnum Energy.

Where are Fronius solar inverters made?

All Fronius solar inverters are engineered, designed and manufactured in Austria. With over half a century of experience in inverter (welder) design and manufacturing, it's not surprising Fronius is considered an industry leader in power conversion equipment.

Are Fronius inverters a good investment?

Based on information from Solar Choice's database of residential solar quotes, Fronius has maintained over 50% market share of installers' premium options. While Fronius inverter price points position them in the premium segment, the investment delivers exceptional long-term value through superior reliability and performance.
