-----

Maximize green energy with our 100kW liquid-cooled storage. Durable, efficient, and ready for any climate. Click for a sustainable future!

Namkoo's energy storage container systems are fully customizable to match your specific project requirements. Each integrated system includes a battery management system, PCS, thermal ...

Delivers 100 kW rated AC power and 232 kWh battery capacity for industrial and commercial energy needs. Designed with IP55 protection, transformer isolation, and real-time monitoring for enhanced ...

The 100kW/241kWh liquid cooling energy storage system was independently designed and developed by EVB. It is widely used in the energy storage field with grid-tied and off-grid inverters.

The ESS-100-200kWh, a high-performance 100kW/200kWh battery storage ...

Our high voltage solar battery storage system supports 2 to 5 battery modules in a single cluster, with parallel expansion capabilities up to 113.6 kWh. At only 170mm depth, this system is one of the most ...

CTS 100kW/215kWh LiFePO4 battery energy storage system boosts solar efficiency by 40%, IP54-rated, grid-integrated, trusted by 500+ global sites. Request ROI analysis or technical demo today.

We provide tailored 100kW battery storage systems to meet your unique energy needs. Whether you need a basic setup or a high-performance system, we can help you create the perfect solution.
