

Title: 100kW string inverter parameters

Generated on: 2026-05-03 12:15:27

Copyright (C) 2026 ALEXANDRA BESS. All rights reserved.

High efficiency at 98.7% peak and 98.0% CEC, wide operating voltages, broad temperature ranges, and a NEMA Type 4X enclosure enable this inverter platform to operate at high performance across ...

The online configurator available at will provide any applicable configurations.

Any higher input DC voltage would probably damage inverter. *2 Any DC input voltage beyond the operating voltage range may result in inverter improper operating.

Technical Data Datasheet 100kW, 1500Vdc/480Vac String Inverters North America The 100kW high power CPS three phase string in. rters are designed for ground mount applications with 480Vac ...

CSI Solar's grid-tied, transformer-less string inverters help accelerate the use of three-phase string architecture for commercial and industrial rooftop applications. CSI inverters are easy to configure ...

Max. 6 MPP trackers, Max. efficiency up to 98.8% Zero export application, VSG application String intelligent monitoring (optional) Wide output voltage range Anti-PID function (Optional) Type II ...

With an MPPT current of up to 54A, it is perfect for all 182/210mm high-power PV modules and supports more than a 150% DC/AC ratio, bringing more yield. It features intelligent DC breaking and intelligent ...

100 kW-480 V, 1500 Vdc String Inverters for North America CPS SCH100KTL-DO/US-480 signed for ground-mount applications with 480 Vac service voltage. The units are high performance, advanced, ...
