-----

They may be configured in series, parallel or a mixture of both to deliver the desired voltage, capacity, or power density. Packs are identified by cell size, number of cells, battery structure, chemistry, ...

Our LiFePO 4 Battery Pack with Grab Handle range meet the same safety standards as the tracer LiFePO 4 Battery Packs and are ideal for powering motors and where a higher output current is ...

400V Battery Pack- Heavy Equipment Lithium Battery, 400V LiFePO4 Battery for Construction, Agricultural, Mining, and Traction Battery Packs.

Discover 400V lithium battery packs with long cycle life, IP67 protection, and CE certification. Ideal for EVs, solar storage, and heavy-duty applications.

Only 19 left in stock - order soon.

This small high voltage lithium battery system could be used as UPS or solar energy storage system. HV design makes this system works more efficiency and energy green.

Lithium Iron Phosphate batteries are cobalt-free, deliver much longer cycle life than lithium-ion cobalt oxide and NMC nickel manganese cells, and offer excellent safety.

400Volt 64kWh stackable lithium battery pack is designed by Delong. We connect four lifepo4 battery modules in series to achieve a total voltage of 409.6V. Each module is rated at 102.4V and 157Ah, ...
