Explore scalable off-grid solar & storage systems from up to 5 MWh. Designed for EPCs, developers across Europe, MENA & the Balkans.

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no ...

Discover off-grid renewable energy solutions, products, and services for reliable power in remote locations. Empowering energy independence worldwide since 2010.

Regional adoption will likely broaden - we can expect southern Europe to deploy more off-grid systems in rural areas, central Europe to attach batteries to most solar installs, and northern ...

It features a three-level battery management system that ensures robust protection against overcharging, over-discharging, and over-voltage. The modular design enables easy expansion and ...

Explore the benefits and technology behind containerized off-grid solar storage systems. Learn how these scalable, cost-efficient solutions provide reliable power and energy independence ...

Namkoo's containerized battery energy storage solution is a complete, self-contained battery solution for utility-scale energy storage. It puts batteries, A/C, UPS, inverter and auxiliary equipment in a single ...

Containerized Bess 500kwh 1MW 20FT 40FT Container Solar Storage System This scheme is applicable to the distribution system composed of photovoltaic, energy storage, power load and ...
