The Green Way Solar has selected the Atess HV inverter range as one of our preferred Commercial and Industrial (C& I) brands of choice. Designs from 50KW to 2MW are squarely in our wheelhouse.

With all-in-one hybrid functionality, ATESS inverters combine solar inversion, battery charging, and grid management in a single high-efficiency unit. Enjoy fast on/off-grid switching, remote monitoring, and ...

With advanced technology, ATESS inverters and battery systems help optimise solar power generation, reduce electricity costs, and provide energy independence. As one of Africa's leading ATESS ...

Explore ATESS's high-efficiency hybrid inverters and all-in-one energy storage systems that integrate PV inverters, charge controllers and batteries for seamless solar power conversion

Free shipping within South Africa for orders above R1,000. All prices include VAT.

Factory: For factories with higher energy consumption, the 50kw hybrid inverter and 40kw hybrid inverter can significantly lower operational costs and ensure production continuity during grid outages.

High power output, all-in-one hybrid inverter suitable for commercial and industrial applications. The unit has versatile work modes giving it suitability for off-grid, back-up, grid support and self-consumption ...

Buy Atess hybrid and commercial solar inverters online. Industrial-grade design, scalable power, and full support from Solar Shop South Africa.
