Solaris plans to commission four more battery-powered photovoltaic plants, even larger in size. In September, it inaugurated a hybrid solar power and storage facility in Pernik.

Spanning nearly 38 hectares, the site hosts 103,116 PV modules and is set to play a key role in advancing Bulgaria's decarbonisation targets. The storage system uses lithium iron phosphate ...

The project is co-located to a 33 MWp PV plant, this hybrid solar plus storage project is seamlessly integrated into the transmission system operator (TSO) grid. Kehua, as a world-leading energy ...

Solaris Holding AD, a joint venture between the Bulgarian-German company SUNOTEC and the primary shareholders of Eurohold Bulgaria AD, has officially opened a new hybrid renewable ...

Solaris Holding has commissioned its newest hybrid renewable energy facility near Selanovtsi, close to Vratsa in northwestern Bulgaria.

A new large hybrid energy project, consisting of a photovoltaic plant and a battery energy storage station, has opened in Bulgaria. We are talking about Solaris Park in Pernik, which includes ...

Once completed, the Tenevo project will encompass a 238 MW solar site alongside the 315 MW/760 MWh BESS and 250 MW of wind turbines, making it Bulgaria's largest and most ...

Sunpal Power, a global leader in high-performance solar photovoltaic systems, proudly showcases its latest project: a 500kW hybrid energy storage system installed in Bulgaria.
