Summary: The Porto Novo Photovoltaic Energy Storage Project tender marks a pivotal step in West Africa's renewable energy transition. This article explores the project's technical specifications, ...

Chinese solar equipment has been flooding African markets, partly as a ripple effect of the US-China trade war. It's one of several factors helping the continent gain traction with...

In 2024, China produced 80% of the world's solar panels and remains by far the largest exporter. Africa's dependence on imports is heavy because local manufacturing capacity is still minimal.

Chinese energy and infrastructure developer PowerChina has announced its 2025 procurement plan, aiming to acquire 51 GW each of solar modules and inverters, along with 16 GWh ...

Huasun Energy has been awarded a contract for the second batch of this year's PV module procurement by State Grid Jibei Power, a subsidiary of China's State Grid Corporation.

On June 21 local time, during the Africa Energy Forum 2025, CEEC signed an Engineering, Procurement, and Construction contract with British independent power producer ...

As Africa looks to solar power to drive its renewable energy development, cooperation with China and drawing on its expertise is playing an increasingly vital role, industry experts said.

China-Africa Photovoltaic Energy Storage Project JA Solar has signed a 1.25GW module procurement agreement with the China Energy Engineering Corporation (CEEC) for Africa's largest photovoltaic ...
