NGI manufactures battery simulator, programmable DC power supply and DC electronic load. The industries NGI serves cover consumer electronics, fuel cell, new energy vehicle, supercapacitor and ...

It offers energy ranging from 75kWh to 1MWh and covers most of the commercial and industrial application scenarios, such as load shifting, renewable clipping, and back-up power, etc.

With 600W capacity and 25A current, this power supply efficiently supports numerous LED lighting and computer projects, ensuring optimal performance in demanding applications.

Design engineers or buyers might want to check out various Ip66 Power Supply factory & manufacturers, who offer lots of related choices such as led power supply, switching power supply ...

The units comply with EN60950-1 and corresponding UL and CSA international safety standards. We offer a broad range of power supplies in IP rated (NEMA rated) enclosures that are not listed on our ...

For your applications that require a rugged, waterproof, dust-proof, sand-proof, oil-proof power conversion solutions, we offer a broad range of power supplies in IP66-rated enclosures.

Precision-made power supplies within IP66 weather-resistant enclosures. Ideal for wall mounting outdoors or in industrial environments. Each unit includes a spares-bag for the installation engineer. ...

Browse through online store for power supply solutions including AC, DC converters, power filters, UPS, Online UPS, Power bank, replacement batteries, portable power station, solar panel, invertor, surge ...
