Emanuel Minto, 91, stands outside his Philadelphia home, where he says a salesman created an email address and then forged his name on an electronic contract for solar panels.

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading...

To avoid getting scammed, you need to know what to look out for and when to walk away. Here's our guide to spotting solar panel scams and finding a great installer.

That's why we put together these tips to avoid getting ripped off when buying solar panels -- backed by expert advice. Here's how to dodge solar panel scams and identify red flags.

How the scam works: People posing as solar installers or utility employees call or come to your home and offer free solar panels through made-up government programs or incentives. ...

Your social media feed is probably full of them: ads promising free solar panels, guaranteed savings, or special government programs that'll pay you to go solar. Some even claim ...
