Construction is underway at four new battery energy storage system sites located across Georgia, including one in Bibb County, totaling 765 megawatts of power.

Georgia Power announced today that it has started construction on a new 200-megawatt (MW) battery energy storage system (BESS) in Twiggs County, southeast of Macon, Ga.

In a continued effort to limit its use of fossil fuels to mitigate peaks, Georgia Power Company is adding a whole mess of new BESS.

A 128-megawatt battery facility will be colocated with an existing solar facility adjacent to Robins Air Force Base in Bibb County, Georgia. It will utilize the existing infrastructure, thereby ...

765 MW of battery energy storage systems (BESS) is now under construction as announced by Georgia Power. The facilities will be located in Georgia, specifically, in Lowndes, Bibb, ...

Georgia Power continues to work with the Georgia PSC to procure and develop BESS projects across Georgia.

Georgia Power has commenced construction on 765 megawatts (MW) of new battery energy storage systems (BESS) across four counties in Georgia, aiming to significantly enhance grid ...

Georgia Power has initiated the construction of a 200MW (megawatt) battery energy storage system (BESS) in Twiggs County, southeast of Macon in the US state. The project, ...
