Industrial and outdoor battery cabinets for Ni-Cd and lead-acid batteries. Indoor & IP65 outdoor solutions with thermal control and long service life.

The ELECOD Outdoor Cabinet Energy Storage System (Air-Cooled) is a highly efficient and scalable energy storage solution, designed for use in microgrid scenarios such as commercial, industrial, and ...

Discover rugged outdoor battery cabinets with IP65 protection, ideal for telecom and solar applications. CE certified, weatherproof steel enclosures ensure reliable performance in harsh environments.

The modular expandable cabinet serves as the basis, making it ideal for the production-related storage and use of electronic systems and tools with its ventilated storage space.

When unlimited security is not enough. Our battery cabinets are sophisticated and offer modular solutions that can withstand even temperatures and earthquakes when it matters.

Constructed from galvanized or stainless steel and rated up to IP65, it ensures complete resistance to dust, rain, and corrosion while maintaining optimal operating conditions for all internal components.

Find your ip65 electric cabinet easily amongst the 15 products from the leading brands (RITTAL, SIAP+MICROS, A2S, ...) on DirectIndustry, the industry specialist for your professional purchases.

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...
