This cabinet integrates advanced battery technology, energy management systems, and intelligent controls, achieving efficient energy storage in a compact device.

ESS and D.G., smart air-cooled heat dissipation, single cabinet capacity of ...

ESS and D.G., smart air-cooled heat dissipation, single cabinet capacity of 215kWh. Suitable for industrial and commercial scenarios, which supports functions like timed scheduling, peak ...

CB Smart100 PV ESS All-in-one Cabinet consists of power battery cluster, hybrid inverter, variable frequency temperature control system, BMS, EMS, combined precision suppression and burst ...

The Ener Hexon® Smart 103P is an integrated energy storage solution that combines 9 air-cooling battery packs, a 50kW hybrid inverter, a BMS, an EMS, an intelligent temperature control system, a ...

Energy Storage System Products List covers all Smart String ESS products, including LUNA2000, STS-6000K, JUPITER-9000K, Management System and other accessories product series.

Users can connect the battery pack via Bluetooth, which allows visualizing all-important battery information such as voltage, current, temperature, SOC, SOH, errors, etc.

Simple & user-friendly: Compact design for easy installation; Remote monitoring for effortless operation.
