JUNENG is mainly engaged in technology research, new product development, manufacture and sale of new energy power.

Recently, Jiangsu Longhai Juneng New Materials Co., Ltd. successfully launched its 1.475MW rooftop distributed photovoltaic (PV) power generation project.

Juneng Jiu Technology is a high-tech enterprise integrating the R& D, manufacturing and sales of solar panels, solar controllers, car inverters of solar system and so on.

Shaanxi Wangyi Huangbaozhen (Juneng) solar farm is a solar photovoltaic (PV) farm in Huangbao Town, Wangyi District, Tongchuan, Shaanxi, China.

In recent years, Juneng has introduced advanced solar panel technologies, including bifacial solar modules and high-efficiency double-glass panels. These innovations allow for greater ...

Qinghai Delingha Juneng solar farm is an operating solar photovoltaic (PV) farm in Delingha City, Haixi AP, Qinghai, China.

With a complete after-sales service system and global logistics network, Dongjun Photovoltaic is continuing to provide reliable support for the green energy transformation in Asia-Pacific, Europe, ...

An off-grid solar [panel] system is a system that generates electricity, stores that power in solar batteries, and runs independently from the statewide electricity grid.& quot;
