Designed to house a variety of communications equipment, ...

In response to increasing seismic activity in Laos, HiJuole has partnered with the Lao Earthquake Administration to develop an innovative Photovoltaic Energy Storage Station Solution.

Our solar battery cabinet systems are storing Pylontech lithium-iron phosphate (LiFePO) batteries, in particular the US3000C rack mounted battery modules. We install these in a purpose built cabinet ...

Combines high-voltage lithium battery packs, BMS, fire protection, power distribution, and cooling into a single, modular outdoor cabinet. Uses LiFePO₄ batteries with high thermal stability, ...

Designed to house a variety of communications equipment, customers take advantage of our engineering and factory integration for complete turn-key solutions. The CNTCE product line ...

These cabinets are UV-resistant aging, corrosion-resistant, acid and alkali resistant, wind-resistant, waterproof, and shock-resistant, with a more robust and durable structure.

Engineered specifically for lithium-ion batteries, this IP65-rated enclosure delivers robust protection against dust and moisture while supporting high-performance energy storage. Lithium-ion batteries ...

Durable waterproof sheet metal cabinets for lithium battery and solar storage systems. Customized design, weather protection, CNC cutouts, and fast delivery.
