Get product specifications, Download the Datasheet, Request a Quote and get pricing for LR7-54HVH-485M on everything PE.

The Longi LR7-54HVH-485M 485W Mono Solar Panel delivers high performance with advanced monocrystalline PERC technology, ensuring superior efficiency and reliability. Designed with a sleek ...

Specifications included in this datasheet are subject to change without notice. LONGi reserves the right of final interpretation.(20241118 BGV02 Draft)

Its technical parameters include detailed performance metrics such as power tolerance, voltage, current, and temperature coefficients, which are crucial for installation planning and energy yield estimation.

LONGi provides you with the most comprehensive product data information so that you can quickly understand LONGi's full range of products.

Specifications included in this datasheet are subject to change without notice. LONGi reserves the right of final interpretation(. BGV02 20250427)

With HPBC 2.0 and N-Type TaiRay wafers, the module delivers outstanding performance. A maximum module efficiency of 24.0%, low power degradation in the first year (< 1%), and in subsequent years ...

The Longi 485W Solar Panel (LR5-66HPH 480-505M) is a high-performance solar module based on M10 Gallium-doped wafers, delivering exceptional energy efficiency. It features 9-busbar half-cell ...
