LONGI Solar focuses on manufacturing monocrystalline PV cells and panels. The company also offers building-integrated photovoltaic solutions (BIPVs) and alkaline water electrolyzers.

LONGi Solar is a world leading manufacturer of high-efficiency mono-crystalline solar cells and modules.

With manufacturing facilities and sales offices in more than 150 countries and regions worldwide, including Asia, America, Australia, and the Middle East, Longi has established a strong ...

LONGi Solar is a Tier 1 manufacturer of solar panels renowned for its monocrystalline technologies and the latest innovations. LONGi was incorporated in 2000 and has focused exclusively on ...

LONGi Solar is the world's leading manufacturer of high-efficiency monocrystalline silicon wafers and PV modules. With advanced HPBC and PERC technology, LONGi delivers reliable, high-performance ...

With excellent technical research and development team and advanced production equipment, it has established a good reputation in the solar photovoltaic industry, and its products are exported to ...

LONGi Solar is a leading manufacturer of solar panels and photovoltaic solutions, founded in China in 2000. Its specialties include the production of PERC (Passivated Emitter and Rear Cell) ...

Embrace the power of solar energy with LONGi, the global leader in monocrystalline solar panels. Discover their range of high-performing products.
