Where are data center custom server cabinets made?

AMCO Enclosures offers data center custom server cabinets, cases, cages, cable management, and PowerWhips products. All our custom data center network racks and server racks are manufactured right here in the USA at our facility in Des Plaines, IL. This includes data center custom server cabinets, cases, cages, cable management, and PowerWhips products.

What is a DC series cabinet?

Our DC Series is the Data Center Standard for high-capacity, high-weight load rated, feature-rich cabinets.

What is the zetaframe<sup>®</sup>; cabinet system?

Optimize space, power, cooling, and more with the ZetaFrame<sup>®</sup>; Cabinet System -- a fully integrated solution designed for high-density deployments, AI, and HPC. Unlock greater flexibility, security, and high-power capacity--supporting up to 100A inputs and delivering dependable power for AI, HPC, and evolving rack densities.

What is a rakworx Smart Modular data center?

RakworX's Prefabricated Smart Modular Data Center (MDC) is an energy-efficient, high-performance solution with natural air cooling for a PUE as low as 1.1. It's a fully contained, adaptable data center designed for rapid deployment, scalability, and growth. Our Small Chamber add-on optimizes airflow, enhancing cooling by containing cold air.
