Is battery storage a key technology for Mozambique's future?

Globeleq sees battery storage as a key technology for Mozambique's future. Storage costs are expected to continue decreasing, so those systems will become more competitive and will be able to contribute more.

Who is building a solar power plant in Mozambique?

The Spanish group TSK has won the contract to build the Cuamba solar power plant in the Niassa province of Mozambique.

When did Globeleq & Mozambique launch a solar power plant?

Our solar power plant in Cuamba was inaugurated in September of 2023. It marked another milestone for Globeleq and Mozambique, as it was the first IPP to integrate a utility-scale energy storage system.

What is Mozambique's new energy grid?

Located in Niassa province, one of Mozambique's most underserved provinces with an electrification rate of just over 20 per cent, the \$36 million project will provide clean energy to 18,000 households and support the creation of local jobs. The project marks a significant milestone as the first IPP grid-scale storage plant in sub-Saharan Africa.

As the photovoltaic (PV) industry continues to evolve, advancements in Mozambique mobile solar container companies ranked top ten have become critical to optimizing the utilization of renewable ...

Samir Salé, country and business development director of Globeleq, talks to The Energy Year about fast-tracking renewables projects in Mozambique and the potential of solar generation ...

The US\$36 million Cuamba Solar plant is also Globeleq's first greenfield project in Mozambique and the Group's first combined solar and storage plant in its operating portfolio. It ...

"The Cuamba solar and storage plant will provide greater energy security and stability in this region of Mozambique and marks a turning point for the Cuamba district. Globeleq, Source Energia and EDM ...

Mozambique: Construction begins on solar-battery project Construction has begun on the 19MWp/15MWac Cuamba solar PV plant with 2MW/7MWh battery storage in Mozambique, project ...

Globeleq, Africa's independent power producer, has recently announced the launch of commercial operations
