What is an IP67 enclosure?

IP67 enclosures are among the most protective types of electrical enclosures available today, with the ability to act as either indoor or outdoor enclosures, thanks to their durable weatherproof gaskets. Specifying an IP67 enclosure may be the right choice for you if:

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is an IP67 polycarbonate enclosure?

IP67 Polycarbonate enclosure with a solid lid featuring metric knockouts for cable glands. The X6 is designed for electrical junction boxes, weatherproof IoT devices or sensory enclosures ...

Are polycase enclosures IP67 rated?

Polycase's IP67 rated enclosures and boxes provide protection for your electronics in indoor and outdoor applications. Meeting IP67 requirements ensures waterproof enclosures provide security for housing internal components in wet environments.
