We've established 4 production bases across China, covering a total area of more than 200,000 square meters, with specialized facilities for solar container production and energy storage solutions.

Customers can customize power capacity, battery storage, inverter types, and auxiliary power sources like diesel generators or wind turbines to tailor the container for specific mission requirements.

Discover solar container solutions with 10-year warranty, IP65-rated LiFePO4 battery storage, and integrated solar panel systems for commercial use.

Introducing our cutting-edge solution for sustainable energy production: the Mobile Solar Container Portable PV Power Stations. Available in both 20ft and 40ft variants, these innovative containers are ...

Sinpo Metal is a high-tech production enterprise integrating ...

Our pioneering and environmentally friendly solar systems: Folded solar panels in a container frame with corresponding standard dimensions, easy to unfold thanks to a sophisticated rail system and no ...

EK Solar PV container is a container that integrates photovoltaic power generation and energy storage system, which aims to improve energy efficiency by efficiently utilizing solar energy.

Learn about LZY's cutting-edge products, from mobile solar PV containers, photovoltaic glass, and BESS power conversion systems.
