The Sunway 50kW/100kWh Outdoor Energy Storage System integrates high-performance lithium iron phosphate batteries, modular PCS, intelligent energy management, and a robust power distribution ...

An outdoor energy storage all-in-one cabinet is a compact, integrated system that combines battery storage, power conversion, thermal management, and smart monitoring in a single, weatherproof ...

The Outdoor Cabinet Energy Storage System is a fully integrated solution that combines safe battery storage, intelligent power management, and weatherproof protection for solar and telecom applications.

Imagine having a weatherproof power bank the size of a refrigerator that can store enough energy to power a small factory or 50 homes for hours. That's exactly what modern modular outdoor energy ...

EFIS-D-W50/100 is designed for small-scale industrial and commercial energy storage. Featuring a modular, factory pre-assembled design, it requires no on-site installation or debugging.

The IP54 waterproof shell makes it perfect to adapt to a variety of indoor or outdoor industrial and commercial application scenarios, such as photovoltaic charging stations, industrial parks, farms, etc.

Looking for an ODM BESS energy storage system? Our all-in-one outdoor cabinet (50-100kWh) features an IP55 design, LFP cells, and easy expansion for C& I applications.

Durable waterproof sheet metal cabinets for lithium battery and solar storage systems. Customized design, weather protection, CNC cutouts, and fast delivery.
