How much does a solar inverter cover cost?

For solar inverter covers and our universal battery cover, the postage cost is a flat \$40 across Australia for one and \$75 for two. For Tesla Powerwall covers, the postage cost is \$75 for one cover and \$115 for two covers. How can I access my inverter or battery once the cover is installed? Our inverter covers have a front panel that can be opened.

Do you need a solar inverter cover?

While inverter manufacturers advise against installing them in areas with direct sunlight, this is not always possible, and in that case, you need a solar inverter cover that will protect your equipment from rain, hail, and shine.

Does sunny cover solar inverter?

Luckily, at Sunny Covers, we have affordable and durable covers for solar inverters for all major brands, including Fronius, Sungrow and Goodwe. No matter what kind of solar setup you have, we have an inverter shade solution that will protect your investment and ensure your solar system operates without a hitch.

How do I install a solar inverter cover?

Assemble the Cover: Connect the 4 main cover pieces using the provided bolts and screws. Mounting: Insert 4 screws into your wall at the mounting location. Then, mount the cover onto these screws using the mounting points on each leg. Protect your solar inverter with our durable and stylish solar inverter covers.
