Somaliland is located south of the Gulf of Aden close to the vital Bab el-Mandeb Strait. The territory borders Somalia to the east, Ethiopia to the south and west, and Djibouti to the...

A former British protectorate, Somaliland has operated with de facto independence for over 30 years. It has its own government, constitution, security forces, currency and electoral ...

The project involves the design, supply, installation, testing, and commissioning of a 10 MW solar photovoltaic (PV) plant integrated with a 20 MWh battery energy storage system (BESS) and a 33 kV ...

Political Status: Somaliland gained its independence on 26 June 1960 and stands as a beacon of democracy in the Horn of Africa, with peaceful power transfers and regular elections.

Somaliland declared independence from Somalia in 1991 and has sought international recognition for decades. Notably, President Abdirahman Mohamed Abdullahi has made this a key priority since...

A tender is open for the design, supply and installation of 10 MW of solar alongside 20 MWh of battery energy storage in northeastern Somalia. The deadline for applications is Feb 10, 2025.

The tender covers the design, supply, installation, testing, and commissioning of a 10 MW solar power plant, paired with a 20 MWh battery energy storage system. The project also includes a 33 kV ...

Somaliland is a self-declared state in the Horn of Africa. Learn its location, history, borders and why its recognition remains contested.
