Specially designed with a custom carrier that functions as a cargo receptacle, GEDA's solar panel lift is a space-saving way to reach inaccessible loading areas.

Alum-a-Lift is pleased to provide engineered material handling solutions to the solar, power, and energy industries. The standard chassis offers proven lifting power and allows for heavier and dynamic side ...

The Solar Panel Lifter system allows easy installation and manipulation of solar panel modules in field via attachment to a variety of mini-excavators. This system reduces worker fatigue and wind gust ...

Specially designed with a custom carrier that functions as a cargo receptacle, GEDA's solar panel lift is a time-saving space-saving way to reach inaccessible loading areas.

The GEDA Solarlift has particularly been designed for working with sensitive materials and offers a specific solar platform for a safe transport of expensive solar panels.

Platform Hoists are perfect for residential and small-scale commercial solar installations. These ladder-style hoists allow you to easily lift solar panels, racking systems, and installation tools directly to the ...

The Fluke Module Lift(TM) is designed to safely and quickly transport a PV module to a roof, streamlining the installation process of solar panels. This innovative tool enables you to lift solar modules to the ...

The Solmetric Module Lift is designed to safely and quickly transport a PV module to a roof. The device uses your existing fiberglass Werner or Louisville extension ladder.
