If you're being told you can get free solar panels, it's essential to approach these offers with caution. The Department of Energy (DOE) and the Solar Energy Technologies Office want to set the record ...

If you want solar panels, be very careful when evaluating installation offers. Con artists use misleading sales tactics and lies to trick homeowners out of money and personal information. If ...

Wondering if free solar panel programs are legit? Learn what getting "free" solar panels really means and how it might cost you in the long run.

There's no such thing as free solar panels. There are no federal government giveaways for solar panel installations, and no company is required to offer them for free. You may be eligible...

Chin's social media feed was soon packed with videos offering eye-popping solar bargains. In many of those ads, enthusiastic men in baseball caps promised "free" solar with the help ...

And while they promise free or low-cost solar panels, or offer you huge rebates, tax credits, or utility incentives to pay for those solar panels, those are lies.

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading...

The Energy Department and the Solar Energy Technologies Office have warned consumers about this type of online scam involving solar panels. We rate this claim False.
