-----

Three Phase High Voltage Energy Storage Inverter / Supports PV input up to 100kW, maximising solar utilisation / Supports both DC and AC coupling, for flexible retrofits and system expansions

Solis-1P8K-5G Inp. Max. DC input power (kW) . inpu. current (A/B) 12.5A+25A Max. Short C.

EITAI provides residential, commercial and utility-scale PV inverters, energy storage, microgrid systems solutions.

Smart I-V curve diagnosis Remote firmware upgrade with simple operation.

196-230kW three-phase string photovoltaic inverter, 1500V DC input and 800VAC output, the first choice for large-scale power plants to reduce costs and increase efficiency.

The protection level is upgraded to IP66, and the inverter has stronger environmental adaptability. The algorithm is further optimized, the weak grid has strong support, and the grid connection is more stable.

30-40kW three-phase string inverter.

Ginlong Solis Inverter 10Kva Hybrid 5G PV Kit Inverters 8kw 12Kw Low Voltage Battery 4G Grid Tie 15Kw offers high efficiency, reliable performance, and versatile applications. | Alibaba
