The Electronic Transmission Range Select (ETRS) The Non-Electronic Transmission Range Select valve bodies have 3 position switches and a solenoid. valve bodies do not have these additional ...

Two are located in the main valve body and two are located in the solenoid valve body. Install O-Ring into sleeve groove, lubricate with Sonnax Slippery Stick O-Lube and roll on bench to size.

This gearbox is commonly used for 5 speed conversions on older vehicles. Some later versions were available with integral bellhousings, although they are more commonly found with removable ...

Quality solutions for every transmission job. Whether you want to rebuild the valve body yourself or save time and money with a fully remanufactured unit, Sonnax has you covered.

10-speed transmission uses a spur gear design to drive the transmission oil pump. Due to the 3-helical gear design, some transmissions may have a whine sound while in Park or d

Uniquely designed, drop-in Sonnax parts target the root cause of valve body complaints and stop critical circuit pressure losses in the most common problem areas of the transmission.
